The undersigned Lead Auditor to BUREAU VERITAS ITALIA S.p.A. – NORTH AREA, Genoa Office,

acting within the scope of the general conditions of the Industrial Branch of Bureau Veritas and upon request (1) of Messrs. Tectubi Raccordi S.p.A., Podenzano (PC) ITALY,

attests that on 26th June 2026 we did attend the Renewal Audit at Tectubi Works (Podenzano and Castel San Giovanni Sites) in order to verify the conformance to NF EN ISO / IEC 17025: 2017.

Introduction:

One of Tectubi Raccordi activities is the execution of Laboratory Tests on their products within the scope of verifying their qualitative requisitions.
They execute this activity exclusively for the internal verification on their production and not on behalf of other companies.

Scope:

The scope of this Audit is to verify if the Laboratories activities, such as the Mechanical Tests execution, the Chemical Analysis Check and the Non Destructive Testing (UT, PT, MT, VT) are carried out in conformity with NF EN ISO / IEC 17025: 2017.
This Standard concerns the: General requirements for the competence of testing and calibration laboratories.

This Audit focused on what specified in above Standard for the internal Laboratories activities as mentioned above.
This Audit didn't considered the Company's manufacturing activities.
Chapters referred to Quality System Management requisitions of Tectubi have been verified during the ISO 9001: 2015 Certification with satisfactory results.

Renewal Audit carried out on 26th June 2026.

Persons met during the Audit:

- Mr. Francesco ACERBIS, Tectubi Quality Assurance;
- Mrs. Ning SUN, Tectubi Quality Assurance;
- Mrs. Mena ZAPPONE, Tectubi Quality Assurance;
- Mr. Gabriele LABERINTI, Tectubi Podenzano Quality Control Manager;
- Mr. Stefano AMORINI, Tectubi Castel San Giovanni Quality Control Manager;
